

Environmental Management

DRB Automotive Green Procurement Policy

DRB Automotive contributes to society by fulfilling corporate social responsibilities for environmental preservation and natural resource conservation through green procurement activities, and practices eco-friendly management and promotes sustainable growth by gradually increasing the scale of green procurement.

1. DRB Automotive performs green procurement activities under the corporate philosophy of honesty, sincerity, and trust.
2. DRB Automotive's green procurement activities consider eco-friendliness throughout the entire process including supply, transportation, and unloading. We prioritize eco-friendly products whenever possible.
3. DRB Automotive strongly recommends eco-friendly products (subsidiary materials, consumables, etc.) to strengthen environmental management activities.
4. DRB Automotive monitors green procurement performance and discovers eco-friendly products for company-wide application to reduce environmental risk and contribute to sustainable growth.
5. DRB Automotive leads green procurement activities including discovery and introduction of eco-friendly materials for sustainable environmental development.
